

FOR IMMEDIATE RELEASE

Launching Africa Ports, Logistics & Infrastructure Summit: Accelerating Trade. Transforming Transport. Powering Development.

Maputo, Mozambique- As Africa embarks on a remarkable journey of industrialisation and economic integration, Mozambique is rapidly establishing itself as a vital strategic gateway for global trade and investment. In response to this, the inaugural Africa Ports, Logistics & Infrastructure Summit, officially endorsed by the Ministry of Transport and Logistics of Mozambique, will take place on Tuesday 23 September 2025 in Maputo, alongside the milestone 10th anniversary of the Mozambique Gas & Energy Summit & Exhibition.

Organised by dmg events in collaboration with the Ministry of Transport and Logistics of Mozambique, this first of its kind Africa Ports, Logistics & Infrastructure Summit will gather over 300 high-level stakeholders from 25 countries, including government officials, port authorities, infrastructure developers, logistics providers, and global investors.

In his official endorsement letter *Hon. João Jorge Matlombe, Minister of Transport and Logistics, Republic of Mozambique* shared that “As Africa enters a new era of industrialization, Mozambique's potential places it at the forefront of global investment. The country is rapidly developing its energy, ports, logistics, and infrastructure sectors, positioning itself as a strategic gateway to global markets.”

This landmark event promises to be a driving force for sustainable development across the continent. It will delve into Africa’s opportunities in ports, logistics, and infrastructure, elements essential for enhancing trade and improving connectivity. Key areas of focus will encompass the creation of cross-border corridors, the integration of multimodal transport systems, the establishment of green and resilient infrastructure, the advancement of digital freight solutions, and the promotion of innovative public-private partnerships.

Mozambique’s strategic infrastructure ambitions are underscored by major projects such as the USD \$6.5 billion Ponta Techobanine Port, the USD \$785 million Maputo-Katembe Bridge, and major regional corridors stretching from Dar es Salaam to Nacala and Durban to Walvis Bay. These initiatives position the country as a pivotal hub for Southern Africa and beyond.

The Africa Ports, Logistics & Infrastructure Summit will act as a catalyst for investment, collaboration, and long-term planning, laying the foundation for a more integrated and prosperous future for Mozambique and the continent at large.

Participants will benefit from unparalleled insights into infrastructure trends, project financing, and regional collaboration. The Summit will feature high-level keynote

addresses, expert-led panel discussions, and case studies showcasing transformative infrastructure projects across Africa. Delegates will gain access to strategic networking opportunities, connect with key decision-makers, and engage in dialogues that shape the future of ports, logistics, and infrastructure on the continent.

About The Mozambique Gas & Energy Summit & Exhibition (MGES) 2025

Convening The International Gas, LNG & Energy Industry In Mozambique For Over Ten Years

The Mozambique Gas & Energy Summit & Exhibition will gather key Mozambican and international government, ministerial and industry stakeholders along with IECs, NOCs, EPCs, investors, developers and private sector value chain participants to engage in offtake negotiations, project tenders, multilateral partnerships, technology showcasing, and knowledge and best practice exchange.

Endorsed by the Mozambique Ministry of Mineral Resources and Energy (MIREME) and organised by dmg events in partnership with Empresa Nacional de Hidrocarbonetos (ENH), the Summit also promotes and empowers the development of local content to serve as a platform to evolve the Mozambican energy landscape to ensure long-term future success for the country and its citizens within the global energy community.

Participation is expected from across the global gas, LNG and energy value chain including:

- 3,750+ attendees
- 1,000+ conference delegates
- 275+ international exhibitors
- 175+ expert industry speakers
- 45+ countries represented from around the globe

About ENH (Empresa Nacional de Hidrocarbonetos)

ENH (Empresa Nacional de Hidrocarbonetos) is the Mozambican state entity responsible for research, prospecting, production and marketing of petroleum products and represents the State in petroleum operations.

Created in 1981, ENH has adjusted its corporate structure to the needs of the industry and the national and international market, establishing itself as a business group with the competence to participate in all oil operations and in the respective phases of research, exploration, production, refining, transportation, storage and marketing of hydrocarbons and their derivatives, including LNG and GTL, both within and outside the country.

Our performance as an integrated group and through the partnerships we have established in recent years, has allowed us to guarantee our core business, Upstream, with actions focused on research, development and production of Oil and Gas with the main objective of increasing the probabilities of discovery in the research phase and optimizing the recovery of resources in the production phase. At the downstream level, we continue the value chain of the hydrocarbons sector with the aim of diversifying and expanding the use of gas in Mozambique.
